RE: COVID-19 UPDATE: MAY 2021

This communication serves to update the student body on the current status regarding Covid-19 in the institution. We wish to inform you that this week a few positive cases of Covid-19 have been recorded at the Main Campus. As we approach the examinations period all students are reminded that;

1. In the event of you having flu-like symptoms please do not report to school but contact our Health and Wellness desk.
2. Where you feel you have been exposed to the virus please engage the Matron and seek guidance from health and wellness officials. Do not mix with others because you can expose them to the virus.
3. It is our singular as well as collective responsibility to adhere to all the MoHW protocols, and avoid spreading the infection which might lead to the disruption of examinations and possibly closure of the campus.
4. Students on isolation are expected to notify the Welfare Office or Health and Wellness team and submit a sick note in advance. This will enable IDM to plan for special examinations in the event that one misses the main examinations.
